

ASSURE <https://assure.advantekwms.com/> introduces services for **ASSURANCE for Your Well Performance Needs**. These services are introduced based on Pay as you go system, where:

1. A pay-as-you-go (or Pay as You Need) system is one in which you pay for a service before you use it and you cannot use more than you have paid for and you do not have to pay for more than what you have used.
2. **Examples for the services introduced by ASSURE based on the pay as you go system:**
  - a. **Hydrofrac Design Service:** where hydrolytic Fracture can be simulated in 3D.
  - b. **Hydrofrac Operations Service:** where fall off analysis and advanced pressure transient analysis can be introduced.
  - c. **Log Analysis Module:** well logs can be analyzed to derive some parameters.
  - d. **Many other services for the ASSURANCE for Your Well Performance Needs.**
